# TILAHUN MISIKIR

Bahirdar, Ethiopia · tilahunm569@gmail.com · github.com/tilahunm12 · linkedin.com/feed/

## Career Objective

Motivated Computer Science student passionate about building efficient and user-friendly applications using modern technologies. Seeking opportunities to apply my skills in real-world projects and continue growing as a software developer.

## Education

**Bachelor of Science in Computer Science**
University of Gondar — Expected Graduation 2027 GC
Relevant Courses: Data Structures, Web Programming, Algorithms, Object-Oriented Programming, Software Engineering, Networking, Automata and Complexity Theory, Operating Systems, Numerical Analysis.

## Technical Skills

- **Languages:** Java, C++, JavaScript
- **Web:** HTML, CSS, SQL
- **Tools:** Git, VS Code

# Projects

## Hotel Reservation System

*Java*

- Designed and implemented a full hotel booking and management system with intuitive user interface and database integration.

## Supermarket Management System

*C++ / SQL*

- Built an inventory and sales management application with database connectivity for efficient record keeping.

## Real Estate Property Management System

*C++*

- Developed software for tracking and managing property listings and transactions.

# Additional Activities

- Active student developer at the University of Gondar.
- Participated in programming labs and class projects collaboratively.
- Continuous learner in modern web technologies and software engineering principles.
